Darrick Wood Infant & Nursery School – Children with health needs who cannot attend school – May 2023

# **DARRICK WOOD INFANT & NURSERY SCHOOL**

## **CHILDREN WITH HEALTH NEEDS WHO CANNOT ATTEND SCHOOL POLICY**

### **1. Aims**

This policy aims to ensure that:

- Suitable education is arranged for pupils on roll who cannot attend school due to health needs
- Pupils, staff and parents understand what the school is responsible for when this education is being provided by the local authority

### **2. Legislation and guidance**

This policy reflects the requirements of the [Education Act 1996](#). It also based on guidance provided by our local authority.

This policy complies with our funding agreement and articles of association.

### **3. The responsibilities of the school**

For some pupils, their health condition will require them to have an extended period of time out of school. The school will do all that it can to ensure that such children are supported through their period of absence from school and sensitively re-integrated once they are well enough to attend.

The school's co-ordinator for children with medical needs will take an active and continuing role in their educational, social and emotional progress. The school will at all times aim to work in partnership with parents to ensure the best possible outcomes and a return to school as soon as possible.

Where a child's health condition requires an extended period of absence from school, the school may need to seek the assistance of the Education Welfare Service.

Staff at the service, including hospital tutors, will support pupils who are temporarily unable to attend classes on a full-time basis. These pupils may be:

- (a) Children who have been deemed by a medical practitioner as being too ill to attend the school for more than 15 days or who have conditions which lead to recurrent absences from school which becomes significant in the longer term.
- (b) Pupils with mental health problems who are unable to attend school.

Darrick Wood Infant & Nursery School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.

Darrick Wood Infant & Nursery School – Children with health needs who cannot attend school – May 2023

Some children with medical conditions may have a disability. Where this is the case the governing body will comply with their duties under the Equality Act 2010. Some may also have special educational needs (SEN) and a statement, or Education, Health and Care (EHC) plan which brings together health and social care needs, as well as their special educational provision.

The school will continue to maintain a contact with a pupil who is unwell and not attending and will contribute to their academic and reintegration plans in order that they may enjoy a continuous level of education and support from the school during their period of absence. This may include providing to Education Welfare Service relevant information about the child, helping to maintain contact with parents, assisting with and guiding the work of the child, supporting the process of achieving public examinations or taking part in National Curriculum tests and providing emotional support at the level of teacher and peer involvement. The school will do all that it can to maintain links with appropriate agencies including the Educational Welfare Service, and the Educational Psychology Service. Reintegration back into school will be properly supported so that children with medical conditions fully engage with learning and do not fall behind when they are unable to attend.

### **3.1 If the Academy School makes arrangements**

Initially, the Academy School will attempt to make arrangements to deliver suitable education for children with health needs who cannot attend school.

- The DSL/SENDSCO will consult with the parents to arrange the best possible educational support for the pupil
- The class teacher will conduct regular telephone consultations with the parents
- The support may include liaising with the teacher to prepare paper-based or on-line work for the pupil
- The support may include providing an electronic device so the pupils can access work on line
- The class teacher and DSL/SENDSCO will work in partnership to monitor the arrangements
- The DSL/SENDSCO and class teacher will work in partnership with the parents to re-integrate the pupils to school

Darrick Wood Infant & Nursery School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.

Darrick Wood Infant & Nursery School – Children with health needs who cannot attend school – May 2023

### 3.2 If the local authority makes arrangements

If the Academy School can't make suitable arrangements, our local authority will become responsible for arranging suitable education for these children.

In cases where the local authority makes arrangements, the Academy School will:

- Work constructively with the local authority, providers, relevant agencies and parents to ensure the best outcomes for the pupil
- Share information with the local authority and relevant health services as required
- Help make sure that the provision offered to the pupil is as effective as possible and that the child can be reintegrated back into school successfully
- When reintegration is anticipated, work with the local authority to:
  - Plan for consistent provision during and after the period of education outside the school, allowing the pupil to access the same curriculum and materials that they would have used in school as far as possible
  - Enable the pupil to stay in touch with school life (e.g. through newsletters, emails, invitations to school events or internet links to lessons from their school)
  - Create individually tailored reintegration plans for each child returning to school
  - Consider whether any reasonable adjustments need to be made

### 4. Links to other policies

This policy links to the following policies:

- Accessibility plan
- Supporting pupils with medical conditions

Darrick Wood Infant & Nursery School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.
